The screenshot shows an admin dashboard with a sidebar on the left and a main content area. The sidebar contains the following menu items: Profile, Register Information (highlighted), Search a Product!, WishList, Chat, Sold Products, Bought Products, and Additional Queries. At the bottom of the sidebar is a button labeled 'Sell Something!'. The main content area has a header with a clipboard icon and the title 'Register Information'. Below the header, there is a grid of six cards, each representing a different type of information that can be registered:

- Person**: Register Info about person out of the database. Register first name, last name, identification, birth day etc.
- Nationality**: Register Info about nationalities. Register their names.
- Places**: Register Info about different places. Register communities, districts, cantons, provinces, etc..
- Gender**: Register Info about person's genders.
- Product Type**: Register Info about different product clock types. Register if they are deluxe, vintage clocks, etc.
- Shipping Type**: Register Info about different product shipping types.

7. El administrador puede registrar información en nacionalidad, persona, lugares, tipo de producto, género o tipo de envío.

The screenshot shows the 'Register Nationality' page in the admin dashboard. The sidebar is identical to the previous screenshot, with 'Register Information' highlighted. The main content area has a header with a flag icon and the title 'Register Nationality'. Below the header, the text 'Register, update or delete information about a nationality.' is displayed. The main content area contains three forms for managing nationalities:

- Register:** A form with a 'Name:' label and an input field, and a 'Go!' button.
- Update:** A form with 'Set Value:' and 'To Id:' labels, each followed by an input field, and a 'Go!' button.
- Delete:** A form with an 'ID:' label and an input field, and a 'Go!' button.

At the bottom right of the forms, there is a button labeled 'Show Existing'.

8. El administrador o el usuario pueden buscar un producto con el botón search a product.
